

About us: Digit Music is a record label, a digital instrument manufacturer, and a creative learning and performance company. We use technology as a creative tool, supporting people of all abilities and disabilities to realise their musical potential.

We want everyone to express their musical ideas and experience the enjoyment and benefits of music-making.

Vision To make music equally available to everyone.

Mission To remove barriers to music through innovation and easy to use technology, supporting musicians of all abilities and disabilities to develop personally and professionally.

We achieve our mission by:

- Delivering inclusive workshops that promote progression routes into the creative industries
- Using Cmpsr, our digital musical instrument for composition and solo or group performance.
- Giving teachers, music leaders and Music Hubs the confidence and skills to use technology as a musical instrument in the classroom
- Creating and promoting access to music production and performance opportunities
- Thinking differently about disability and taking action to recruit, retain and develop disabled and non-disabled people.
- Listening, learning and being open to change.
- Connecting our creative learning experiences to our commercial music services.

Digit Music: Freelance Music Practitioners

We are seeking enthusiastic and committed freelance music practitioners to deliver our programme in: Derbyshire/ East Midlands, London and Manchester. Supporting the new national plan for music education, our workshops, CPD and learning projects are geared towards inclusion and contemporary music making through digital instruments and software.

About our programme

We run music and careers workshops using our digital instrument Cmpsr and its unique notation system, as well as a range of other technologies. We deliver into a variety of settings: schools, including special educational needs and disabilities (SEND), pupil referral units (PRU's), venues and colleges. We also deliver CPD(continuous professional development) for teachers and tech consultations.

We are looking for a range of tutors and would like applicants to demonstrate some of the following skills:

- Passionate about music making and a natural enabler for those who you teach, no matter their level. You might have experience as a music therapist or instrumental tutor, music producer , community musician.
- Ability to work as a team with great communication skills.
- Be agile and patient in your practice, able to respond and adapt to the needs of your participants.
- Confident with music technology and excited to train and deliver work with our new instrument, Cmpsr.
- Experienced working with young people and confident to work with participants who may be vulnerable or have additional needs. (We will offer training).
- Experience mentoring young practitioners, we will be placing trainees/ assistants with our tutors in some workshops.
- Willingness to travel/ preferably with access to your own transportation.

Mandatory:

- You must have the right to work in the UK and the role requires you to undergo an enhanced DBS check as you will be working with children and vulnerable adults.

- We appreciate that everyone comes through different pathways so we're happy to see evidence of experience through practice and/or qualifications plus references. This will be outlined in your expression of interest and CV.

Locations

We are seeking multiple tutors & assistant tutors in: (Manchester/ Greater Manchester, London/ Greater London, Derbyshire/ East Midlands)

We are actively encouraging applications from under-represented communities and people from rural areas.

If you need any of our information in an alternative format please don't hesitate to get in touch.

Recruitment process:

Please send us an expression of interest and a CV. Your expression of interest can either be a cover letter (1 side A4) or a video application of up to 3 minutes telling us about your experience and suitability for the role.

Please send to: learning@digitmusic.co.uk

Deadline: 12pm on the 25th of August.

Applicants meeting our criteria will be invited to an initial zoom interview. For those successful at the interview, we will offer a full day of training.

Example Fee

Indicative hourly rates for ongoing work are between £15-£35 per hour based on experience and the specifics of the project.

If you need any other information or support please do not hesitate to get in touch with us. We look forward to hearing from you.

The Digit Music Team.
